Safety Instructions:

- The safe must be anchored to ensure security and prevent it from tipping over or being removed.
- Only use the keys supplied to open the lock. Additional keys should be kept in a safe place.
- Keep the safe closed and locked when it is not in use to prevent unauthorised access.
- Suitable for the storage of anaesthetics, observe the legal regulations for safe storage.
- Ensure that the safe is installed in a dry, ventilated area to prevent rust formation.
- If you lose a key, inform the manufacturer or a locksmith for security checks immediately.
- Insurance cover must be agreed with the insurer.
- Small parts and heavy construction can pose a risk of injury if handled incorrectly.
- The product is not suitable for children and should be kept out of their reach.
