Safety Instructions:

- The light must not be used near water sources or in damp environments to prevent short circuits or electric shocks.
- Ensure that the light is properly connected to avoid electric shocks. There is a risk of electric shock if used incorrectly, especially if the cable or lamp unit is damaged.
- To avoid burns, do not touch the light while it is switched on or shortly after it has been switched off.
- The luminaire contains non-replaceable LED lamps; in the event of a defect, the entire luminaire must be replaced.
- The light should be placed out of the reach of children to minimise the risk of falling over or injury.
- In the event of damage or malfunctions, discontinue use and consult a specialist.
