Safety Instructions:

- Must be securely mounted on the wall to prevent it from falling and to avoid the risk of falling.
- Small parts can be a choking hazard, especially for children.
- Before opening the cylinder lock, ensure that there are no fingers in the hinge area to avoid crushing.
- Regular inspection of the locking mechanisms is recommended to ensure that the key can be inserted and removed properly.
- Do not exceed the maximum load capacity of the hooks to prevent breakage or tearing.
- Keep the key out of the reach of children to avoid the risk of suffocation.
- Keep the cylinder lock and key in a safe place to prevent unauthorised access.
- Do not install the product near water or in damp environments to avoid corrosion and electric shock.
