Safety Instructions:

- Ensure that the network switch is not used near water or in damp environments to avoid the risk of electric shock.
- Ensure that all cables and connections are securely connected to prevent overheating and possible fire hazard.
- To prevent injury from electrical components, do not allow children to play with or touch the network switch.
- Follow the instructions for correct installation of the network switch to prevent it from tipping over or falling, which could cause injury.
- Dispose of the product in accordance with local regulations for electrical and electronic equipment (WEEE) to avoid environmental damage.
