Safety Instructions:

- The tray is only intended for the storage of hazardous chemical substances. Appropriate safety precautions must be taken during handling and the instructions for the safe handling of hazardous substances must be observed.
- In the event of an overflow or leakage, immediate measures must be taken to eliminate the danger and the responsible authorities must be informed.
- Ensure that the tray is stable and cannot tip over; only operate on the intended surface and do not place on damp ground.
- To ensure function and safety, do not damage or contaminate any parts of the tray. Check the tray regularly for cracks or other damage.
- Take care when handling hazardous substances and use appropriate personal protective equipment such as protective clothing and gloves.
- Only for use with authorised drums. Do not overload the tray beyond the permissible load capacity of 2 x 200 litre drums or a maximum of 600 kg.
