Safety Instructions:

- Keep the drip tray clean and free of waste to ensure safe use.
- Avoid overloading the tub with more than 1200 kg to prevent physical damage and tipping over.
- Only move the tray with suitable forklift trucks or pallet trucks.
- Avoid contact with aggressive chemicals that could damage the PE material.
- Ensure that the drip tray is placed on a stable, level surface to prevent it from overflowing or tipping over.
- Only suitable for handling hazardous substances, improper use can lead to serious injury.
- Read the instructions and safety information carefully before use.
- Do not exceed the maximum load capacity of the steel grating of 1200 kg.
- Empty the tray before carrying out maintenance work.
- Personal protective equipment (PPE) recommended when handling hazardous substances.
- Consider risks such as leakage or overflow, take appropriate measures.
- Use only with suitable hazardous substances, observe manufacturer's information.
- Observe safety requirements before handling drums.
