Please note the technical data of the products!

Article Number: 461545

Safety Instructions:

- Ensure that the storage level is correctly mounted and stable to prevent it from falling over or breaking off.
- Avoid overloading the storage level in accordance with the manufacturer's specifications for maximum load capacity.
- Carry out regular checks for damage or signs of wear.
- Only use the storage level for the intended materials and chemicals in order to minimise hazards.
- When using chemicals, observe the corresponding safety data sheets (SDS).
- Keep the storage level away from heat- and moisture-sensitive materials.
