Safety Instructions:

- The pull-out tray is designed for the storage of highly flammable materials. Observe the safety precautions when handling such materials.
- When handling, use appropriate personal protective equipment, including gloves and face protection.
- Ensure that the tray is regularly checked for damage or corrosion to prevent leaks.
- The tub should only be used with bundled care aids that correspond to the maximum capacity of 6.82 litres.
- Harmful substances must be disposed of in accordance with the applicable legal requirements.
- Ensure proper ventilation of the work area to prevent the accumulation of hazardous vapours.
