Safety Instructions:

- Only use the tray base for containers up to a maximum of 20 litres.
- The base of the tray is made of polypropylene; be aware of possible chemical interactions with stored substances.
- If used improperly, the tray base could break or become deformed, which could jeopardise safety.
- Keep the base of the bathtub away from direct sunlight to prevent the material from ageing.
- Carry out regular inspections for cracks or damage to ensure that it is in good condition.
