Safety Instructions:

- Only use the insert tray in conjunction with approved safety cabinets to ensure safety and functionality.
- Make sure that the maximum filling quantity of 19.55 litres is not exceeded to avoid overflowing or danger.
- Ensure that the insert tray is regularly checked for damage to ensure the safe storage of hazardous substances.
- The insert tray must be used in a well-ventilated area to prevent the build-up of harmful vapours.
- Follow all applicable local regulations for the safe storage and handling of hazardous substances.
