Article Number: 462648

Safety Instructions:

- The soft-close function can only be installed at the factory in conjunction with a corresponding Type 90 base unit.
- Retrofitting on site is not possible and should be communicated accordingly.
- The spring mechanism ensures smooth and silent closing, which can be important in environments with radiation protection or noise protection.
- If used incorrectly, there is a risk of crushing injuries when the drawers are closed.
- Clear instructions and safety information in a language that users can understand are required.
- Compliance with the general safety regulations in accordance with the relevant European standards is mandatory.
