Safety Instructions:

- Suitable personal protective equipment must be worn when using the Stawa-R floor drip tray to collect hazardous substances.
- The tray may only be loaded with containers up to a maximum of 60 litres in order to avoid overflows and hazards.
- All hazardous substances must be stored in accordance with the applicable regulations and the drip tray must be placed near the relevant storage facility.
- Check the floor drip tray regularly for leaks and damage.
- The manufacturer's instructions must be observed for special conditions of use.
