Safety Instructions:

- Only use the floor drip tray for the intended chemicals in accordance with the safety data sheets.
- Comply with the regulations for the safe handling of hazardous substances.
- Ensure that the tray is placed on a stable, level surface to prevent it from tipping over.
- Avoid overfilling: maximum 20 litres for hazardous substances and 22 litres for the tub.
- Carry out regular inspections for signs of damage or corrosion.
- In the event of a leak, initiate the appropriate emergency measures immediately and use suitable protective equipment.
- Dispose of the tray or its contents in accordance with local regulations for hazardous waste.
