Safety Instructions:

- Safety note: When using chemical cabinets for various substances, the respective safety data sheets must be observed.
- Before using the perforated inserts, ensure that the chemical storage cabinet meets the specific requirements for the stored substances.
- It is recommended to wear personal protective equipment (PPE) when handling potentially hazardous chemicals.
- The maximum permissible total load of 75 kg must not be exceeded.
- The inserts should be checked regularly for damage to ensure that they are working properly.
