Safety Instructions:

- The product is intended for the storage of pressurised gas cylinders and should only be used in appropriate, approved rooms.
- The grating must be set up securely and stably to prevent it from tipping over or slipping.
- At the same time, make sure that the maximum permissible load of 180 kg is not exceeded.
- The regular safety regulations must be observed when handling hazardous substances.
- Safety information and instructions for use must be provided in a language understandable to the consumer.
