Safety Instructions:

- Suitable load-bearing equipment and methods must be used to ensure safe use of the shelf, as the maximum load capacity is 75 kg.
- When handling the product, sharp edges and possible risks of injury from the material must be taken into account.
- The shelf is designed exclusively for the intended use with pressurised gas cylinder cabinets and should not be used for any other purpose.
- Keep the shelf clean and free of chemicals to avoid wear and possible hazards.
