Safety Instructions:

- Caution! Only use the gas cylinder transport rack with the intended gas cylinders.
- There is a risk of suffocation due to crushing if handled incorrectly.
- Ensure that all securing devices (lashing straps, chains) are correctly attached to prevent tipping over.
- The frame may fall over on uneven surfaces or if it is not stable enough.
- Wear the necessary personal protective equipment (e.g. gloves, safety goggles) when handling the gas cylinders.
- The transport rack is only intended for transport, not for storing the gas cylinders in areas with high temperatures or direct sunlight.
