Article Number: 462644

Safety Instructions:

- Ensure that the castors are properly installed and maintained to prevent accidents and injuries.
- In the event of contact with hazardous substances, exercise particular caution and wear suitable protective equipment.
- The castors may only be used by trained personnel when transporting or storing hazardous substances.
- Use in areas with special risks (e.g. chemical laboratories) should be risk-assessed beforehand.
- Observe the applicable safety regulations for the safe handling and disposal of hazardous substances at the corresponding cabinets.
