Article Number: 139665

Safety Instructions:

- Check the overfill protection and maintain it regularly to ensure that it functions properly.
- Ensure safe use of the overfill prevention device in accordance with the specified instructions.
- Do not ignore if the system indicates that there is a risk of overfilling.
- Only suitable and authorised persons should work with the overfill prevention system.
- Ensure protective measures against electrical hazards, especially when working on electrical components.
- Wear suitable personal protective equipment during installation or maintenance.
