Safety Instructions:

- Before use, ensure that the table is stable and that all screws are tight.
- Carry out assembly in accordance with the instructions to avoid injury and instability.
- Do not load the tabletop with sharp objects or excessive weight to prevent damage.
- Place the table out of the reach of children and use it on a flat surface to ensure stability.
- Do not drop heavy objects on the table to avoid damage and instability.
- Check regularly for scratches and damage and avoid using harsh cleaning agents.
- Use levelling screws to adjust floor irregularities.
- Only suitable for indoor use, away from moisture and direct sunlight.
- Use protective gloves during assembly to avoid injury.
- Do not overload the table to ensure safety and durability.
- In the event of damage or injury, contact the manufacturer immediately.
- Avoid excessive accumulation of water and contact with water sources to prevent material damage.
- Avoid direct exposure to heat on the table to prevent damage.
- Only use mild detergents and damp cloths for cleaning.
- Careful arrangement is more important to prevent overturns.
- Follow the assembly instructions carefully to assemble all parts correctly.
- Protect the table from direct sunlight to prevent colour changes.
- Ensure that the table is transported with care to avoid damage.
- Observe all safety precautions when using in the vicinity of children.
- Table not suitable for children under 3 years.
