Safety Instructions:

- To avoid injury, ensure that the table is stable and stands on a stable, level surface to prevent it from tipping over.
- Do not climb onto the tabletop or place heavy objects on it to prevent it from tipping over.
- Carry out assembly in accordance with the enclosed instructions to minimise safety risks. Enclose suitable assembly instructions and ensure that the table is assembled correctly.
- Check all screws, parts and connections regularly for tightness to ensure stability and safety.
- When cleaning the table, use mild cleaning agents and no aggressive chemicals so as not to damage the surface coating.
- Keep small children away while the table is being assembled and in regular use to avoid injury.
- Avoid using the table in damp or extremely hot areas to prevent material damage.
- Protect the table from overloading to avoid structural damage. Observe the recommended load capacity.
- Carry out regular inspections for damage and replace defective parts.
- Take care when assembling: sharp edges or parts can cause injuries.
- Avoid sharp objects on the surface to prevent scratches and damage.
- Not suitable for outdoor use.
- Pay attention to the risk of slipping in case of weather-related use.
- Tools may be required for assembly; follow the assembly instructions.
- Keep the table away from children to avoid injury from improper use or small parts.
- Use under adult supervision recommended if children are in the vicinity.
