Safety Instructions:

- Risk of suffocation due to improper use, especially if the lamp tips over.
- Risk of electric shock if connected or used incorrectly.
- Risk of electric shock due to improper handling of the electrical system.
- Attention: Motion detector can cause unexpected light in the event of movement.
- When dimming, note that this is not suitable for all scenarios.
- The light contains non-replaceable LED lamps, follow the disposal instructions if there is a risk of defect.
- Due to the stable base, there is a risk of tipping over, especially near children. Please note the maximum weight limit of 11.34 kg.
- Please do not use the lamp near water to avoid electric shocks and make sure that the touch panel does not get wet.
- Keep the lamp out of the reach of children to minimise the risk of accidents.
- Risk of injury due to sharp edges or improper handling of the aluminium and steel material.
- Not suitable for children without supervision as it can easily be knocked over.
