## Safety Instructions:

- Contains silver ions (nanosilver), which can be potentially harmful to health if used incorrectly.
- Always read the product information before use to ensure correct handling.
- The writing surface is exposed to high loads with frequent use; therefore, make sure to use suitable markers.
- When mounting on the wall, ensure that the product is correctly and stably secured.
- The antimicrobial surface should not be scratched with sharp objects in order not to impair its effectiveness.
