

Product Safety Information

Multi-purpose container, polyethylene, 800 l, various designs

Manufacturer/Responsible Person: asecos GmbH, Weiherfeldsiedlung 16-18, 63584 Gründau, Deutschland

E-Mail: info@asecos.com

Please note the technical data of the products!

Article Numbers: 463684, 463683, 463682

Safety Instructions:

- Choking hazard due to improper handling of small parts.
- Chemical hazards during the storage of hazardous substances.
- Use personal protective equipment (e.g. gloves and safety goggles) when working with hazardous substances.
- Make sure that the container is placed on a secure surface and is not overfilled to prevent it from tipping over.
- Check for damage before each use and ensure that the product is not damaged.
- Only use the container for the intended materials and observe the relevant safety regulations.
- The container is corrosion-resistant, but chemicals should always be checked for compatibility with polyethylene.
- Only store the container in places that are protected from extreme temperatures and direct sunlight.
- After use, hazardous substances should be disposed of in accordance with the applicable regulations.
- Ensure that the product is not overloaded; do not exceed the maximum capacities.
- When using the container outdoors, use UV-resistant materials to ensure a long shelf life.
