Safety Instructions:

- The seat height of 455 mm is suitable for adults. Care should be taken with children to avoid the risk of falling.
- The chair could tip over, make sure it is stable on a non-slip surface and check its stability and screw connections regularly.
- Smaller parts can be swallowed. Make sure that the chair is not combined with toys and is not suitable for children under 3 years of age.
- The materials are flammable. Keep the chair away from open flames or hot sources and observe the fire safety standards (EN1021-1 + EN1021-2, BS 5852-1).
- Please only use mild cleaning agents to clean the artificial leather cover in order to avoid damage.
- Do not allow children access to this product as there is a risk of falling.
- Ensure that the chair is properly assembled and complies with its safety certificates (EN 16139, EN 1022, EN 1728).
- Sharp edges or corners can cause injuries; ensure safe use.
- Choking hazard due to improper handling of small parts.
- Use of the product could lead to mechanical injuries, especially if handled improperly or used by children.
- Risk of slipping on slippery floors, ensure that the chair is positioned correctly.
- Make sure that sharp objects do not come into contact with the artificial leather to avoid damage.
- Take care when lifting and moving the chair due to its weight.
