Please note the technical data of the products!

Article Numbers: 464009, 464008

Safety Instructions:

- Ensure that the pallet is used properly to prevent it from tipping over or slipping.
- Avoid overloading the pallet beyond the specified load capacity of 5000 kg.
- Avoid overloading: Do not exceed the maximum load capacity (5000 kg static, 1250 kg dynamic, 500 kg in high racking).
- The pallet should only be used on level surfaces to ensure stability.
- Make sure that the safety edge is always intact to prevent the load from slipping.
- Keep a sufficient distance during transport to avoid injury from falling loads.
- If pallets are damaged, do not use them.
- Suitable for high racks: Only use on suitable storage equipment.
- Observe protective measures when handling (e.g. wear gloves).
