Please note the technical data of the products!

Article Numbers: 301401, 301400

Safety Instructions:

- Before use, make sure that the suspension file is properly closed to prevent the documents from falling out.
- Keep sharp objects away from the lever mechanism to prevent damage.
- Do not overload the folder to prevent damage to the mechanics or the material.
- Supervise younger children to prevent them from using the binder as a toy or cutting off small parts.
- Take care when handling the lever mechanism to avoid the risk of jamming.
- The product should be stored in a dry place to ensure the integrity of the material.
- When disposing of the product, environmentally friendly disposal methods must be observed in accordance with local regulations, as the folder is made of recyclable material.
- Not suitable for use by children without supervision.
- Improper handling may result in damage to the product.
