Safety Instructions:

- Observe the maximum user weight of 110 kg.
- Do not use for more than 8 hours a day.
- Only use on a firm, level floor to avoid tipping over.
- Only stack up to 4 chairs to avoid the risk of accidents.
- Not suitable for children under 3 years of age as there is no specific child safety protection.
- Suitable for use by adults or under adult supervision.
- Observe a seat height of 450 mm, especially when used by very short or tall people (max. user height up to 1.92 m).
- Read the installation steps and safety instructions carefully before first use.
- Use ergonomic features to prevent back pain.
- Check regularly for wear and possible damage.
- Children should not use the chair without supervision.
- Avoid risk of suffocation due to improper use, especially when stacking.
- Be aware of the risk of electric shock due to improper handling of the electrical equipment (if present).
- Avoid risk of falling or tripping due to improper placement or overfilling.
- Do not climb onto the chair or use it for rocking.
