Safety Instructions:

- Risk of suffocation and cuts due to improper use, in particular due to access to the cutting mechanisms or if hands or body parts get caught in the cutting mechanisms.
- Do not use or set up the appliance near children, as there is a risk of suffocation from small parts. Keep children and pets away during operation.
- Risk of electric shock due to improper use, in particular due to damage to the mains cable or the appliance.
- Ensure that the document shredder is not placed near water or damp areas.
- The appliance should only be used in accordance with the instructions supplied. Ensure that the appliance is stable during use and cannot tip over.
- Maintain the device regularly and only remove cuttings when the document shredder is completely switched off.
- At the end of its service life, dispose of the appliance in accordance with the local regulations for electrical appliances. Before disposal, ensure that no hazardous parts are accessible to the consumer.
