Safety Instructions:

- The appliance is not suitable for use by children. Keep it away from use by children, as small parts and moving parts can pose a risk of injury.
- Avoid inserting objects into the shredder as this can cause injury. Make sure that no clothing, hair or other objects get into the shredder.
- Do not overload the appliance and do not exceed the maximum cutting capacity; empty the clippings regularly to prevent the waste container from overflowing.
- Avoid excessive pressure on the appliance to prevent overheating.
- Keep the appliance away from water or other liquids to avoid electrical accidents.
- Disconnect the appliance from the mains when not in use to save energy.
- Carry out regular maintenance and emptying of the collection container to ensure safe and effective work.
- Read the operating instructions carefully before use.
- Never use the appliance without the supervision of children.
- Do not operate the document shredder if the device is damaged or makes unusual noises.
