Safety Instructions:

- Avoid the risk of slipping in wet conditions; ensure that the mat is positioned correctly and placed on non-slip surfaces.
- Maximum temperature in washing machines: 70 °C; the mat should not be washed above 70 °C to avoid material damage.
- Do not set the dryer above 80 °C; overheating can lead to material damage.
- Not suitable for use in very oily environments.
- Mat is flame retardant according to fire class Bfl/S1; however, do not use near open flames.
- Check for cracks and wear and replace if necessary to avoid safety risks.
- Avoid direct sunlight to minimise UV damage.
- Not suitable for children under 3 years due to choking hazard from small parts.
- Suitable for industrial washing machines up to 70 °C, but follow cleaning instructions carefully.
- Only wash in the washing machine at a maximum of 70 °C and tumble dry at up to 80 °C.
- In case of heavy soiling, use suitable cleaning methods to avoid damaging the materials.
- Beware of direct contact with hot surfaces to avoid material damage.
