Safety Instructions:

- Do not exceed the maximum load of 20 kg.
- Do not stack if the surface is uneven in order to avoid falling over.
- Not suitable for the transport of foodstuffs as no foodstuffs certification available.
- When handling manually, use ergonomic handles to avoid injuries.
- Use at extreme temperatures (below -10 °C or above 50 °C) may impair stability.
- Ensure that the small load carrier does not come into contact with hot surfaces.
- Keep out of the reach of children as there is a risk of suffocation due to accidental use.
