**Manufacturer/Responsible Person:** Schäfer Shop GmbH, Industriestraße 65, 57518 Betzdorf, Deutschland

**E-Mail:** info@schaefer-shop.de

Please note the technical data of the products!

**Article Numbers:** 154779, 154778, 150779, 150778

### **Safety Instructions:**

- Do not use the product above the maximum load capacity of 20 kg. Avoid excessive load.
- Avoid contact with strong chemicals or aggressive chemicals to prevent material damage. Clean immediately if contaminated.
- Ensure that the container is only used within the intended temperature range of -20°C to +100°C. Do not use outside these limits.
- Keep the container away from children; the product is not suitable for children and may pose a risk of injury if handled incorrectly.
- Ensure that the container is stacked securely to prevent it from tipping over or falling and use the stabilising lid if necessary.
- Clean the container regularly, but do not use any sharp objects to avoid damaging the smooth inner walls.
