Article Numbers: 94015, 94014, 94005, 94004, 93952, 94074

Safety Instructions:

- Not suitable for contact with food.
- Intended for commercial use, not suitable for children.
- Not suitable for children under 3 years due to choking hazard from small parts.
- Avoid direct contact with sharp objects, as these can damage the structure of the box.
- Do not stack above the maximum stacking load of 600 kg to avoid structural and stability risks.
- Protect the product from direct sunlight to avoid material degradation or discolouration.
- Check the Euro Box for visible damage before use.
- Improper use may result in injury; safe handling and training recommended.
- Ensure that the box is used in a suitable temperature range to avoid material embrittlement.
- Keep the boxes away from heat sources and open flames to prevent possible material damage.
- Ensure that the product is not used near water sources.
- Check the stability of the stacked boxes to prevent them from tipping over.
- Be careful when lifting heavy loads to avoid injury.
- For commercial use, ensure that all operators are trained in the correct handling of the box.
