Safety Instructions:

- Not suitable for children under 3 years due to choking hazard from small parts.
- Do not exceed the maximum load capacity of 30 kg to avoid the risk of breakage or damage.
- Protect the product from extreme temperatures (use certified for -20°C to +100°C).
- Not suitable for direct contact with food unless specifically stated.
- Protect from direct sunlight and moisture to ensure the integrity of the material.
- Do not use in humid or corrosive environments to avoid material degradation.
- Do not use with strong acids or alkalis to prevent material wear.
- Use with safety in mind, especially with heavy loads, to avoid injury.
- Do not use the product near open flames or hot surfaces.
- Do not use with sharp or pointed objects to avoid damage.
- Ensure that the product is in a stable position when used on conveyor belts.
- Keep out of the reach of children to prevent misuse.
