Article Numbers: 92896, 92895, 92894, 92893

Safety Instructions:

- Not suitable for use or use by children.
- Do not use the product at high temperatures above 100 degrees Celsius; the material may be damaged if the temperature is exceeded.
- Take care when using and storing chemicals; the product is resistant to many, but not all, chemicals. Avoid contact with highly corrosive substances.
- Always ensure that the Euro Box is placed on a level surface and is not overloaded to prevent it from tipping over.
- No stacking if the boxes are filled with heavy or hazardous materials.
- Take care when transporting heavy loads to avoid injury.
- Only use the product within the temperature range of -20 to +100 degrees Celsius.
- It should be used in accordance with the intended applications and manufacturer's instructions in order to minimise safety risks.
- The product is supplied without a lid.
