

Product Safety Information

EURO-size folding box 6422 NG/6432 NG, without lid, for storage and returnable transport

Manufacturer/Responsible Person: Walther Faltsysteme GmbH, Hoogeweg 136, 47623 Kevelaer, Deutschland

E-Mail: info@faltbox.de

Please note the technical data of the products!

Article Numbers: 135399, 135391, 135390

Safety Instructions:

- Product does not contain a safety cover - risk of injury due to collapse or falling over.
- For handling: Use ergonomic handles to avoid back injuries.
- For cleaning: Do not use harsh or abrasive detergents; use only commercially available detergents to prevent material damage.
- Do not overload: Do not exceed the maximum stacking load capacity of 250 kg and individual load capacity of 60 kg.
- For storage: Do not store near heat sources or open flames; do not overload the box to ensure stability and safety.
- Not suitable for children as there is a risk of injury due to improper stacking.
- Make sure that the stacking load of 250 kg is not exceeded in order to avoid accidents.
- Avoid direct exposure to extreme temperatures as this can affect the stability of the polypropylene material.
- The folding box is not water-resistant; the material can be damaged if it gets wet.
- Avoid using on uneven or unstable surfaces to prevent tipping or slipping.
- Risk of suffocation due to improper handling with large volumes.
