Safety Instructions:

- Ensure that the monitors are installed correctly and securely to prevent them from falling.
- Do not exceed maximum weight specifications: Load capacity up to 9.8 kg per monitor.
- Attach the monitor arm to a stable table surface to prevent it from tipping over.
- Make sure that all cables are laid safely and neatly to avoid tripping hazards.
- Avoid adjusting the monitor arm with excessive force to prevent injury or damage to the product.
- Keep out of the reach of children to avoid the risk of improper use and to prevent injury.
- During use, take care to avoid interfering contact with other devices that could jeopardise the stability of the monitor arm.
- Follow the installation instructions carefully to avoid incorrect use.
