Please note the technical data of the products!

Article Numbers: 34939, 34938, 34937, 34449, 34448, 34447, 34430, 34429, 34428, 33653, 33652, 33651, 33518, 33517, 33516, 33476, 33475, 33474

Safety Instructions:

- Observe the maximum shelf load of 500 kg to ensure stability.
- Observe the maximum bay load of 2500 kg.
- Shelf structure must be stabilised to prevent tipping.
- Check all edges and surfaces regularly for damage.
- Keep the product away from children as it is not designed for them and to avoid injury.
- Follow the instructions carefully during installation to ensure safe use.
- Distribute the load evenly to ensure stability.
- Avoidance of overloading to minimise structural and safety risks.
- Use additional chipboard for the storage of small parts to ensure safety.
- Place the shelf on a stable and level surface and check its stability regularly.
- Read and follow the installation instructions and user instructions before commissioning.
- Use suitable protective equipment when assembling.
- Note high load capacity: 500 kg per shelf and 2500 kg per bay.
- Shelves are height-adjustable in 62.5 mm increments, ensure correct installation.
- Product should only be used for the storage of suitable objects, not live plants or animals.
- Uneven load distribution can lead to instability.
- Minimise the risk of improper handling or installation.
