Safety Instructions:

- Ensure that the table clamp is installed correctly to prevent it from slipping or tipping over.
- Use cable management to prevent tripping hazards and damage.
- The height adjustments should be made by a person who is able to ensure the stability of the arm.
- Avoid excessive pressure on the monitor arm and perform movements gently and carefully.
- Always keep the product information and safety instructions to hand and follow the installation instructions.
- Guarantee safe installation to avoid risks during use.
- Do not overload the product. Observe the maximum weight of 9.8 kg.
- Avoid movement of the arm during adjustment to prevent injury.
- Pay attention to sharp edges and moving parts to avoid injury.
- Use the product in accordance with the instructions to ensure safe handling.
- Keep out of the reach of children to prevent misuse and injury.
