Please note the technical data of the products!

Article Numbers: 91225, 91224

Safety Instructions:

- Not suitable for use in direct contact with food.
- Please note the maximum load capacity of 600 kg. Do not stack beyond the recommended maximum stacking load to avoid structural and safety risks.
- Not suitable for applications at temperatures outside -20 °C to +100 °C. When used in extreme temperatures, ensure the stability and suitability of the material.
- Wear protective gloves when filling the boxes with sharp or heavy objects.
- Always follow the manufacturer's instructions for safe handling and storage.
- Not suitable for children under 3 years of age due to potential choking hazards from small parts.
- Protect from direct sunlight, as this can impair the material properties.
- Provide users with clear instructions for handling and cleaning to avoid installation errors and injuries.
