Safety Instructions:

- Only install the product on stable walls to prevent it from tipping over or being torn out.
- Make sure that the monitor arm remains within the weight limit recommended by the manufacturer (up to 13.6 kg) during use.
- Avoid overloading the arm to prevent damage to the bracket and safety-related problems.
- Enclose brief instructions for safe use and installation.
- During assembly, ensure that all parts are completely and correctly installed to avoid accidents.
