Safety Instructions:

- Installation should only be carried out by trained personnel.
- Use suitable personal protective equipment (e.g. gloves, safety goggles, safety shoes) during assembly.
- Fixings must be installed correctly and in accordance with the instructions provided to prevent the shelf from tipping over or collapsing.
- Do not exceed the maximum load capacity to avoid structural damage and injury.
- Improper use may result in injury. Ensure that the shelf is on a firm and level surface and is mounted stably.
- The shelving must be checked regularly for stability and possible damage.
- Follow the instructions for safe use and installation.
- Do not install shelving in areas where it is exposed to a high risk of collision.
- Only use the shelf for its intended indoor use.
- Do not make any changes to the design or use of the shelf that could jeopardise safety.
- Ensure that the fastening elements included in the scope of delivery are used correctly.
