Article Numbers: 178160, 178159

Safety Instructions:

- Not suitable for use by children.
- Before use, ensure that the bracket is correctly mounted to avoid the risk of it falling.
- Be careful when adjusting the height and width manually to avoid the risk of crushing.
- Do not exceed the load capacity of 30 kg to avoid damage or accidents.
- Make sure that no cables or hoses are obstructed by the mounting system.
- Please ensure that the holder is securely attached to the table to prevent the PC from falling out.
- Only use the bracket for its intended purpose and observe the maximum load capacity of 30 kg.
- Make sure that there are no cables or additional objects lying around in the area of the bracket that could pose a tripping hazard.
- Keep a safe distance from heat sources and water to prevent damage to the PC and the holder.
- The bracket is not suitable for use by children under the age of 12, as improper handling may result in injury.
