Article Numbers: 194588, 194587, 194586, 194585, 194583, 194582, 194581, 194580

Safety Instructions:

- Observe maximum load per drawer: 50 kg. Avoid overloading.
- Use the central locking system to prevent unauthorised access. Keep the key safe.
- Place the cabinet on a stable and level surface and secure it to prevent it from tipping over.
- Check the levelling in accordance with the instructions and at regular intervals. Ensure equal adjustment of the cabinet feet to minimise the risk of tipping.
- Take care when opening the drawers: Use the pull-out stop to prevent unintentional removal and injuries.
- Choking hazard due to small parts: Not suitable for children under 3 years. Keep children away from use.
- Do not store the cabinet near sources of heat or moisture.
- Avoid school dust by cleaning regularly.
