## Safety Instructions:

- Not suitable for children under 3 years of age as it may contain small parts that pose a choking hazard. Packaging material can be dangerous for children and should be kept out of their reach.
- The maximum load capacity of 20 kg must not be exceeded in order to avoid damage and injury. Take care not to overload the box during transport and despatch.
- Safe handling and correct closure of the boxes are important to prevent damage and contents from falling out.
- Avoid moisture and water to maintain the material integrity and load-bearing capacity of micro-corrugated cardboard. The cardboard should be stored in a dry place.
- The box should not be stored near heat sources to prevent material damage.
- Sharp or pointed objects can damage the box and should be avoided during shipping.
- Safe handling instructions should be included in understandable language.
- Paper cuts can lead to injuries if handled improperly. Do not use improperly to avoid injury.
- Securely destroy before disposal to prevent possible danger to children and pets.
- Cartons are not designed for use by children and should not be used by them.
- The product should be used in accordance with the manufacturer's instructions to ensure that no hazards occur.
- Suitable for shipping non-hazardous and non-perishable goods.
