Article Numbers: 168196, 168195, 168194, 168193, 168192

Safety Instructions:

- The labels are designed for use with direct thermal printing and DYMO® LabelWriter™ label printers only.
- Not suitable for use in areas with direct food display or direct contact with food, as they have not been tested as food packaging.
- Store the roll labels in a cool, dry place to prevent loss of adhesive strength.
- Protect from direct sunlight and moisture to ensure adhesion and legibility.
- Please inform yourself about the correct disposal methods to avoid environmental damage; dispose of safely after use.
- Not suitable for children under 3 years, choking hazard due to small parts. Generally not suitable for use by children.
- If used incorrectly, the label can easily fall off and impair usability.
- Safety information should be provided in plain language.
- No liability for damage in the event of improper use.
