Safety Instructions:

- Only store gas cylinders in the cabinet provided and always lock the cabinet securely to prevent unauthorised access.
- Observe the operating instructions to avoid improper use.
- Protect bottles from direct sunlight, extreme temperatures and heat sources; store safely, away from flammable materials.
- Use outdoors only.
- Gas cylinders must be handled and stored as hazardous substances.
- Safety measures and regular inspections and maintenance are mandatory. This includes inspections for leaks, corrosion, damage and insurance of level indicators and shut-off valves.
- Elderly people or children should be supervised during handling.
- Gas cylinders may only be operated or monitored by trained personnel.
