Please note the technical data of the products!

Article Numbers: 463539, 463538, 463537

Safety Instructions:

- Only use the dosing jug for the intended liquids. Take care not to use any flammable liquids.
- Take care when handling flammable liquids; do not use near naked flames or sparks. Avoid storing highly flammable substances near the dosing can.
- Ensure that the automatic pressure relief valve functions correctly to prevent accidents. Check it regularly for proper functioning.
- Always place the jug on a stable surface and secure it against falling over.
- In case of spillage, clean up immediately and ventilate the area if necessary.
- Observe the safety data sheets for the chemicals used and follow additional safety measures when handling hazardous substances.
- Do not overfill or heat the dosing jug. Do not store near heat sources.
- Before use, ensure that the jug is empty and clean to avoid contamination.
