

Product Safety Information

Transport can, stainless steel 1.4301, various sizes. Sizes, screw cap with flexible shaft

Manufacturer/Responsible Person: asecos GmbH, Weiherfeldsiedlung 16-18, 63584 Gründau, Deutschland

E-Mail: info@asecos.com

Please note the technical data of the products!

Article Numbers: 463542, 463541, 463540

Safety Instructions:

- Take care when handling flammable liquids to avoid the risk of fire and wear suitable protective equipment.
- Do not overfill the transport jug to avoid leakage and make sure that the screw cap is firmly in place.
- Always wear suitable personal protective equipment (e.g. gloves, safety goggles) when storing and transporting hazardous substances.
- Store and transport the jug away from sources of ignition and extreme temperatures.
- Before use, ensure that all screw caps are correctly and securely fitted; after use, close the lid securely to prevent vapours from escaping.
- Not suitable for storing food or alcoholic beverages.
- In the event of contact with aggressive chemicals, follow the manufacturer's instructions and only use the transport can for their storage.
- Handle the transport can with care to prevent mechanical damage or dents that could impair safety.
- When using highly flammable substances, suitable ventilation should be ensured.
